We have on hand now a few Hero Fanning Mills & Wood Boss Harrows.

S. G. JAMIESON, Bow Island.

Town Council.

A meeting of the Town Council was held in the Council Chamber last Thursday evening, there being present—Mayor Robertson, Councillors Bratton, Dulmage, Cotton and Blaine. The following accounts were ordered paid:—Bow Island Mercantile Co., \$2.00; Pioneer Lumber Co., \$22.00; D. V. Bell, \$9.75; E. L. Ewing, \$5.00; Telephone, \$1.00.

A demand from the School Board for \$800.00 was ordered to be complied with.

The Assessor wrote asking for the balance of his salary amounting to \$100.00, but as it was the custom to reserve a little of this, the secretary was requested to issue a cheque for \$72.00, the balance being held until December 31st.

The chairman of public works committee submitted a tender from A. Lavett, for the erection of the town vault, the amount being \$225.00.

The Council decided to accept it. The meeting then adjourned.

SPECIAL MEETINGS.

A special meeting was held on Saturday forenoon to consider a report from the gas committee relative to outside consumers, to which it was recommended that the town make the connections.

The report was accepted.

A discussion then ensued relative to the rate to be charged them, and eventually it was decided to make a charge to outside consumers of 25c per thousand feet with an additional charge of 50c for the reading of the meter.

The Mayor and Secretary were authorized to sign agreements on behalf of the town with Jas. Olquist, Fred Moeck, Leonard Ferne, Alberta Pacific Elevator Co., Home Grain Elevator Co., Ogilvie Elevator Co., United Grain Growers, Imperial Elevator Co., Empire Elevator Co., L. D. James, Chas. Fowler, Frank Beattie, J. W. Potter, Walter Showalter, and J. W. Hopkins.

The meeting then adjourned.

A Municipal Hospital

On several occasions the Review has endeavoured to draw attention to the advisability of establishing a municipal hospital at Bow Island, but so far nothing has been done in the matter. The question was brought at a Board of Trade meeting some few months ago, and the members of that organization finally left it in the hands of the president to arrange a meeting. So many of our citizens, however, have been away this summer that it was exceedingly difficult to appoint a date, and it is only now after the holiday are over that a thoroughly representative number of the citizens may be expected.

The time now apparently being ripe for the purpose, the president of the Board of Trade is calling a meeting to be held in the L.O.O.F. hall on Friday September 28th, at eight p.m. sharp.

All citizens are invited, and it is hoped that representatives of the Rural Municipality of Bow Island and Fortymile will also be present. An invitation is also being sent to Burdett and Winnifred with the hope that those two towns will co-operate with Bow Island in the matter.

At this stage it is unnecessary, we think, to enumerate the advantages of a municipal hospital. They are perfectly obvious. The hospital already established in Bow Island has fully proved its usefulness, but its means and service are limited. It is not altogether adequate to cope with such a large district as ours, and consequently further steps must now be taken to provide greater facilities.

The matter is a pressing one, and it is to be hoped that a large number of the citizens will attend the above meeting and see that this question is not again allowed to sink into oblivion.

Rural Municipality of Bow Island.

Tax Rate Two Mills.

A meeting of the above municipality was held on September 13th. Present:—Reeve F. J. Henderson, Deputy-revee H. L. McElroy, and Councillors Clark and Chisholm.

A letter was addressed to A. E. Mitchell with reference to the dam constructed by him, the water from which was overflowing on the road, and asking him to remedy the matter.

A statement was received from Returning Officer Nevers showing result of poll taken on the division By-law, the voting being forty-eight for and one against.

A by-law dealing with the above was then put through the third reading, and declared a by-law of the municipality.

A large number of accounts were then dealt with and ordered paid.

The following requisitions from school districts were ordered paid as follows:—

Cherry Coulee.....	\$225.00
Morning Star.....	144.00
Cherry Coulee.....	100.00
June.....	300.00
Good Cheer.....	300.00
Brownville.....	200.00

The following motion was then made by Councillor Chisholm:—"That whereas the sum of \$10,241.91 is required for municipal purposes, and the assessed valuation of the municipality is \$5,300,328.28, a rate of two mills on the dollar is hereby levied to make the necessary amount required as per the following estimates:—

Labor and grading.....	\$4092.20
Material.....	589.14
Machinery.....	820.85
Oleum Poison.....	382.80
Election.....	125.00
Printing and postage.....	82.92
Councillors' fees and mileage.....	230.00
Overseeing.....	300.00
Salaries.....	950.00
Rents.....	120.00
Patriotic Fund.....	200.00

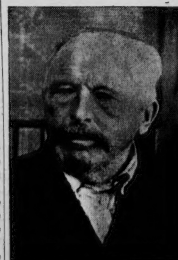

\$10241.91

The secretary-treasurer was authorized to make the several levies required by the several school districts.

It was then moved by Deputy-revee McElroy that the Municipality be divided up as follows:—

Tp. 10-10.....	District No. 1
11-10.....	" No. 2
12-10 and 12-11.....	" No. 3
10-11.....	" No. 4
10-12.....	" No. 5
11-11.....	" No. 6

The meeting then adjourned.

GEO. F. HEATTY

GREAT BRITAIN AND THE DOMAINS

OF THE FAR SPHERE OF THE EMPIRE

GREAT SACRIFICES IN THE CAUSE OF THE EMPIRE

Right Hon. Walter Long Pays a Warm Tribute to the Part Played by the Dominions in Carrying On the War for Defence of Empire and the Cause of Democracy

In the British house of commons during discussion of the colonial of long, secretary of state for the colonies, paid a warm tribute to the great sacrifices of the British empire in the war. Mr. Long said that the part played by the Dominions and crown colonies in the war required no special description. The part which the Dominion troops had taken was well known to the world and especially to the enemy. They had made their mark. Whether they came from Australia, New Zealand, Canada or South Africa, they were the best trained and the best equipped of the British empire, and no greater praise than that could be bestowed on any.

He was constantly receiving proof of the admiration of the allies for Great Britain, of their loyalty to the king and their devotion to British interests. In the colonial secretary read messages from British Africa and the Indian colonial secretary of Zanzibar. Referring to gifts to the king while many of them were small, it was not the amount but the spirit of the gift that mattered.

The Dominions had made great sacrifices in other spheres of the war. Many of the Dominions had suffered severely, owing to the fact that they were not able to import goods from the United Kingdom. Imports into the United Kingdom, which many people failed to realize, are the greatest of the empire. The goods which the Dominions had to import were very heavy war expenditure, and were sometimes very costly. The goods which the Dominions had to import were very heavy war expenditure, and were sometimes very costly.

He mentioned the conscription had been enforced in British East Africa, Uganda, Ceylon, India, Siam, and the Malay States, and was being considered elsewhere. Hong Kong had been under martial law, because very white men had been already called up. He mentioned the conscription had been enforced in British East Africa, Uganda, Ceylon, India, Siam, and the Malay States, and was being considered elsewhere.

German Youths Sent to the Front

Called To Colors

Terrible Incidents Being Made on Premises by Young Classes Called to Front

Germany's last untouched reserve of men have now been completely exhausted. To fill up the constant losses in the front, the German government has decided to send to the front the young men of the 1918, 1919, 1920, and 1921 classes. These young men are now being sent to the front in large numbers, and are being sent to the front in large numbers.

These facts are established beyond doubt by authoritative information from various sources. With the other classes, called to the colors with the outbreak of the war, largely wiped out, Germany is now being sent to the front in large numbers, and are being sent to the front in large numbers.

A settler who has exhausted his homestead right may let a purchase of homestead in certain districts. Price \$1.00 per acre. Dominion lands made six months in each of three years, cultivate 50 acres and erect a house worth \$200.

W. W. COVY.

Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.—114.

A Free War Map.

Every home in Canada should have a map of the great war area in Europe to see where our Canadian boys are fighting. The colored map offered free with the Family Herald and Weekly Star of Montreal is complete in every detail. It is the best map yet published. The subscription price of the Family Herald is now \$1.50 a year but to make up the difference in their subscribers this great map which could not be produced under two dollars a copy except in such large quantities is given free to all subscribers new and renewal who pay a year's subscription \$1.50. It is a great bargain indeed.

GEO. BEDELL
UNDERTAKER & EMBALMER

Funerals supervised and entire charge of arrangements undertaken.

Note and Comment.

A list of towns has been published this week showing where the military tribunals will sit to hear exemptions from the Military Service Act. It is to be hoped that every town where one of these tribunals will sit will give it their earnest support. We cannot do enough here. The West at any rate is fully agreed to continue the war to a successful issue, and the Military Service Act is a means to that end. Our democratic neighbor to the south is evidently aware of the danger that confronts all democratic countries, and by its policy of censorship lays down the duty of the individual to defend those liberties which democracy has only gained after centuries of suffering from autocratic rulers. Those liberties undoubtedly are in danger and in face of a common foe we who believe in democracy must make sure so far as we possibly can, that the same freedom of thought which we enjoy shall be handed down also to future generations.

The board of grain supervisors of Canada has ordered that upon all wheat purchased by or for the flour mills in Canada between Sept. 12, 1917, and August 31st, 1918, there shall be paid by the purchaser a sum of two cents per bushel.

If the reports as to the huge profits made by the millers are correct, some say to the extent of five dollars a bushel, they can well afford two cents a bushel.

The Alberta advisory committee on food control the other day in Calgary passed the following resolution:

Agricultural production in Western Canada can be increased and speeded up by the farmer's utilization of farm tractors, but the heavy duties on imported tractors prevents their more extended use. It is respectfully suggested that the food controller should make urgent representation to the Dominion government for reduction in the import duties on farm tractors, especially, and as well as reductions on other farm implements.

The above resolution is one that has the Review's hearty sympathy. Living, as we do, in a purely agricultural community we believe we can say with some truthfulness that the question of the high price of farm implements is causing the farmers to think very deeply, especially just now when help is expensive and hard to get. If the Dominion government is really sincere in its effort to stimulate production it should take yet another step and help the farmer to get his machinery at as low a cost as possible.

We are informed on good authority that more building is taking place in Bow Island this year than in any other place between Vancouver and Winnipeg, not excepting the big cities. This at first seems a pretty tall story.

When one, however, recalls that most of the towns in Western Canada have been bound out of all proportion to a legitimate growth, and are now "house weary," one can believe there is some truth in it. Most of the larger towns and cities have lost a large number of their population, and consequently there are numbers of houses which will not find a renter for a considerable time.

Here in Bow Island this year some where about twenty-five houses have gone up, and they are all the result of a natural demand.

Even yet, however, there are not enough to satisfy present requirements.

A Free War Map.

Every home in Canada should have a map of the great war area in Europe to see where our Canadian boys are fighting. The colored map offered free with the Family Herald and Weekly Star of Montreal is complete in every detail. It is the best map yet published. The subscription price of the Family Herald is now \$1.50 a year but to make up the difference in their subscribers this great map which could not be produced under two dollars a copy except in such large quantities is given free to all subscribers new and renewal who pay a year's subscription \$1.50. It is a great bargain indeed.

Military Tribunal at Bow Island.

There will be 100 tribunals established in Alberta under the military service act. Ninety-one towns and cities will have local tribunals, while Edmonton and Calgary will have ten tribunals each.

Among the cities and towns in the south having tribunals are the following: Warner, Cardston, Lethbridge, Bow, Bow Island, Stirling, Foremost, Milk River, Manyberries, Medicine Hat, Safford, etc.

Exemption Can be Claimed on Flight Separate Grounds

Exemption from service under the military service act may be claimed on eight separate grounds. The forms of application, which will be available at post offices throughout the Dominion in the course of a few days, make this clear. The grounds are:

- (1) Importance of continuing employment in habitual occupation.
- (2) Importance of continuing employment as to which he is specially qualified.
- (3) Importance of continuing education on training.
- (4) Serious hardship arising to exceptional financial obligations.
- (5) Serious hardship arising to exceptional business obligations.
- (6) Serious hardship arising to exceptional domestic position.
- (7) Ill health or infirmity.
- (8) Adherence to religious denomination of which the articles of faith forbid combatant service.

The form is drafted much after the style of a ballot paper. The applicant for exemption is required to place a cross opposite the grounds on which the claim is made. His name will then go to the local tribunal to which proof in support will be submitted.

Manufacture Clay Products at Foremost.

The wealth of this country in natural gas is only beginning to be suspected, according to the report of government geologists contained in the blue book bearing the title "Geological Survey of the Department of Mines," just published.

The publication of a blue book dealing with gas and oil would have been an event in 1914, but it is matter of ordinary life now.

In his report, D. B. Dowling, geologist in charge of the Great Plains division, refers to the natural gas fields.

"The gas fields of the southern portion of Alberta form the subject of a very interesting compilation. From a study of the general structure of the area and the bearings south of Foremost it is found that the area has many greater possibilities than formerly supposed; it may even be surmised that in the anticline which extends to the international boundary, gas fields possibly of greater producing value than those now proved, will be found. Of the two sandstone formations underlying the anticline, the upper is exposed in Milk River valley and has been saturated for a long distance with fresh water from the river, thereby retaining the gas. The Medicine Hat natural gas is derived from this sandstone. The lower sandstone outcrops on the sides of the Sweet Grass hills, but by intersecting dykes of igneous material the outlet which would have been formed at the outcrop has been practically closed. The gas has accumulated in the part of the section which is about 300 feet above sea level. Below that level salt water is present. Several tests of the gas have made for the presence of gasolene, and small amounts are reported to have been obtained by absorption in heavier oils.

"The presence of gas at Foremost should stimulate the manufacture there of clay products, especially as the completion of the Western branch of the Canadian Pacific Railway will give access to the Rocky deposits of the cypress hills, which are probably capable of furnishing material for

many grades of earthenware. Gas is still being obtained from the Dugan well on Sheep river, and is used for power purposes at the wells being drilled in the vicinity.

Hugh MacPherson has purchased this week John Still's farm west of Bow Island.

R. M. Howard of Big Horn, Montana, is purchasing a tract of land in Bow Island during the past two weeks.

THE BANK OF British North America

Blankets.

Once more our foresight in purchasing a year ago for the fall's requirement enables us to give you the following values:—

Cotton Blankets (Grey or White) \$2.25 pair.
Heavy Grey Wollen Blankets \$2.85, \$3.25 and up.
Quilts and Comforters \$3.10, \$3.50 and up.
Horse Blankets \$3.25, \$4.25 and \$5.00 and up.
 Large shipment of seasonable Dry Good and Linoleums just in.

Instead of increasing our prices to compare with today's market we are satisfied to give our customers the benefit of our business experience and at all times to sell everything in our large and complete stock on the very smallest margin possible.

We buy for cash, are under no heavy expenses and aim to give you quality goods at rock bottom prices.

FLETCHER & SONS

The Home of No Vary Quality. Always Good.
Burdett Alberta

..Burdett and District...

Mrs. E. Smith of Barley Idaho, is visiting her daughter Mrs. W. O. Lyons.

There was a large crowd at the movies on Tuesday night to see "The Barrier."

Miss M. Barth has accepted a position in a large store at Calgary and will leave for that city this week.

Mr. S. L. Kilbourn of Calgary has taken over the position of teller at the Standard bank here.

Mrs. A. C. Jackson, of 22-8-12, will have a meeting of the Ladies Circle at her home to-day (Thursday).

Mr. and Mrs. M. A. Hardie moved from ten to twenty-five bushels. Although a short crop it is nevertheless of an excellent quality and most of it grading No. 1. So far about six cars is the daily average to be shipped from this point. Farmers are taking their time this year in bringing it in, and the movement of grain is therefore somewhat quiet.

Mr. J. Quinn has purchased the property on the corner of the street just south of the Burdett Mercantile Co.'s store. It is his intention, we believe to move in for the winter.

Geo. Lomas purchased last week about sixty head of fine range cattle south of Purple Springs and has placed them on his farm south-east of Burdett.

The Bowe Bros. have six gang plows going full blast. One of them already has 100 acres ready for next season's crop and the others are working hard to get as much under cultivation as possible.

Burdett will shortly have a paper of its own. The Review of Bow Island is now making the necessary arrangements and hopes within a couple of weeks to have the first number of The Burdett Tribune for publication.

Wheat in this district is running from ten to twenty-five bushels. Although a short crop it is nevertheless of an excellent quality and most of it grading No. 1. So far about six cars is the daily average to be shipped from this point. Farmers are taking their time this year in bringing it in, and the movement of grain is therefore somewhat quiet.

Mrs. M. Brophy is lying in the Bow Island hospital seriously ill.

Mr. John Llewellyn of Grassy Lake is taking up his residence in Burdett. His house was moved down from his former town this week and placed on lots west of Main Street. Mr. Llewellyn will take over the real estate and insurance business lately conducted by Mr. A. H. Rygg.

Joe Kumbetz who made such a splendid contribution to the Patriotic Fund last year has now given further evidence of his interest in this fund by contributing a cow to be disposed of. The committee here expect to have a meeting to decide the matter this week. Probably another draw will be arranged.

Building activity in Burdett is by no means at an end. In addition to the large number that have already been either erected or moved in from other points, we understand arrangements are being made for the erection of five more. The cheap lots put on the market by the Village Council are being appreciated apparently.

Messrs. E. and K. Brown have laid down during the past week a fine six foot sidewalk facing the depot, and extending from the hotel to the corner by the implement store. It was the intention of these enterprising citizens of ours to have laid down a cement sidewalk, but owing to the cost of material and the extreme difficulty in getting experienced help they decided it would be better and more convenient for the public to have the plank sidewalk put down right away. It is a great improvement, and one that we hope will be largely copied.

Serious Accident to Dawson Kimmitt.

Lies in an Unconscious Condition from Auto Accident.

Dawson Kimmitt, living north of Foremost is lying at his home suffering from severe injuries sustained by him in an auto accident yesterday (Thursday) morning. Apparently he had been into Bow Island to take a visitor to the station, and on his return home the automobile struck a dog turning the car completely over. Kimmitt was thrown through the windshield and had one side of his face torn in a shocking manner and in addition is suffering from a fractured skull. No one it seems saw the accident, but a farmer living near where it occurred saw the car standing in the road and on going to investigate found Kimmitt lying in the road in a pool of blood. The latter being a very heavy man the farmer was unable to lift him and had to walk half-a-mile to the nearest neighbor's for assistance. Kimmitt was then taken to his home, where he now lies in an extremely precarious condition.

NEW BRITISH DRIVE

Commenced in Belgium Yesterday Morning - Sweep forward on Wide Front.

London, Sept. 29th.—The British forces on the Belgian front attacked the German position early this morning east of Ypres. Field Marshal Haig reports that satisfactory progress was made and that the British already have captured some valuable positions.

I. C. Freeman of Winnifred is suffering from a broken arm which he sustained a couple of weeks ago while removing a belt from an engine.

EVENTUALLY, WHY NOT NOW?

It will pay you to deal with the new Mercantile Store. PRICES LOWEST and QUALITY BEST. "Service our motto."

J. L. Beekly of Pleasant View was a visitor in town on Saturday.

Miss Fleming commenced her duties as teacher at the primary school this week.

Another car of Chevrolets arrived this week for Wilmet & Henderson.

Mr. and Mrs. R. S. Beattie are visiting in Calgary this week.

Mr. R. H. Wilmet commenced the erection this week of a residence on Broadway.

Mr. and Mrs. Geo. Colford are moving to Neenikau, where the former has taken over the United Grain Growers' Elevator.

There will be no service at All Saints' Church next Sunday, Rev. Herring being away south.

Zion Lutheran Church.—Norwegian service on Sunday 23rd, at one p.m. in the Presbyterian Church.—N. R. T. Braa, pastor.

Miss Prendergast, who has been staying with her brother here, returned home last week to Quebec to attend a sick mother.

Mr. J. R. Agar commenced digging out the basement on Wednesday morning for the new residence which he is going to build on Broadway.

Mrs. R. G. Ludke received word this week of the death of her nephew, Russell Kemp, from wounds received by him recently in France. His death took place on August 20th.

The Rural Municipality of Bow Island at its meeting this week struck a tax rate of two mills on the dollar.

Some of the other municipalities in the province will probably wonder how it can be done.

The Union of Alberta Municipalities will hold its annual convention in Calgary on Wednesday and Thursday of this week. Mayor Robertson and Secretary Bateman will represent Bow Island.

T. R. Blaine left on Wednesday for Lethbridge to attend a meeting of agents for the Edison phonograph machines, where lectures will be given by an expert on their mechanism. He will then attend the Druggists' Convention at Calgary, and if time permits the Municipal Convention also.

Mr. and Mrs. N. M. Jamieson received a letter last week from their son Fred, whom a telegram recently received stated had been wounded. It now appears that Fred was with a stretcher party taking wounded out of the trenches when a shell burst near and wounded several of the bearers. It is good news to many to hear that he is progressing very satisfactorily.

J. W. HURD, proprietor.

Mr. Alexander Street of Burdett underwent a serious operation at the Bow Island hospital this week. He is now reported going along very favorably.

The Town Council is now engaged in re-laying the crossings over our streets with some particularly heavy plankings. The old crossings are sadly in need of it. A million and a half bushel crop, however, cannot be hauled to the truck without leaving its mark somewhere.

At the Methodist Parsonage, 1115 Yull Street, Medicine Hat, by Rev. A. D. Richard, B.A., on Wednesday, September 12th, Clifford Fernleigh Johnston and Echo Irene Allen, both of Bow Island, were united in the bonds of holy matrimony.—Medicine Hat News.

At a special meeting of the Town Council held last week it was decided to charge outside consumers, who connect up with the gas system, 25c. per thousand feet, with an additional 50c. per month for the reading of the meter. The latter will, of course, entail extra work for the superintendent, for which the extra charge is made.

It is stated unofficially that big increases in the price of farm implements is contemplated. Binders will be \$57 higher next year, and will cost in excess of \$250. Ploughs will advance \$48 and drills \$25, and other machinery in proportion. The high price of steel is given as the reason. A 25 per cent. increase will strike many as being a little bit "too rich."

A dance under the auspices of Golden Link (Rebekah) Lodge will be given

in the I.O.O.F. hall on Wednesday, September 23rd. In addition to having engaged a first-class orchestra, the management have arranged to have the draw for Miss Vale's picture, donated by her to the Red Cross, take place during the evening. The dance is being given in aid of the Oddfellows' Honor, an object which we are sure will have general support.

The Elite Theatre, Bow Island, will present on Saturday night a five-reel Fox play featuring Theda Bara in "A Fool There Was." One of the most popular things of the day. Don't miss it.

Austin Walsh has bought the Reginald house on Lethbridge Avenue.

Dr. E. R. Sawyer, dentist, of Medicine Hat, will be at Bow Island, on the second and fourth Saturday, in each month for the practice of his profession. Adv't.
